

# “FLOODS, What you should know when living in Utah”

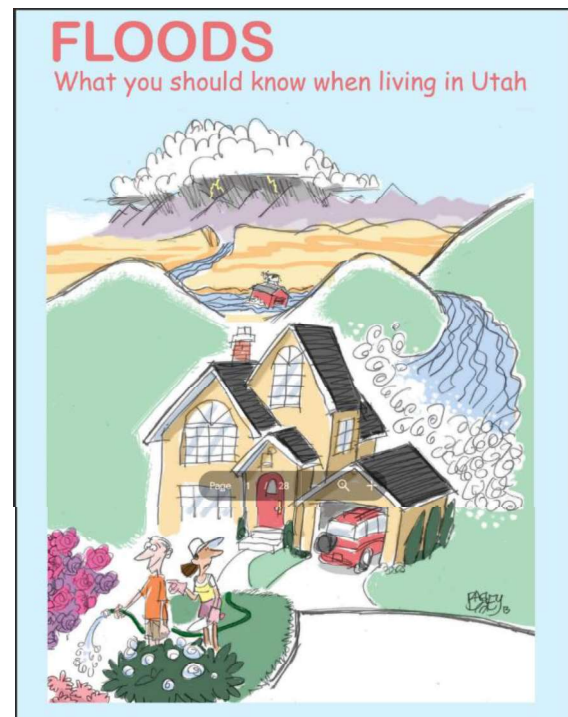

Scan the QR Code to find helpful facts and tips designed to increase flood awareness and make preparation easy.

You can find information such as:

- Six inches of moving water is enough to knock you off your feet.
- One foot of water will float your vehicle, and two feet can wash it away.

- The number of landslides in Utah is increasing every year.

- As a homeowner, you are more likely to experience a flood than a fire over the span of a 30-year mortgage.
