

# WELCOME TO OUR NEWLY GRADUATED/18-YEAR-OLD WOMEN JOINING RELIEF SOCIETY!

## **Olivia Lay**

Olivia will be attending BYU this Fall and is planning on serving a mission after her first semester. She loves running and has been on the Desert Hills High Cross Country and Track teams for the last 4 years and she is super fast! 😊 Olivia is so fun to be around, she's very witty and has an amazing sense of humor. She is also really good at seeing the good in people and helping everyone around her feel like they are loved!

## **Charlize Kate Nagel**

●Her plans now are....

Building up clientele for her at home salon- Beauty Box Salon and she works part-time at Fantastic Sam's.

●What is she passionate about?

Doing Hair, loves doing makeovers on others, loves making others feel pretty. Loves coloring hair.

●What are a few things on her bucket list?

Going to Europe (Paris & Italy)

Going to Hawaii

Wants to do the Amazing Race with her dad when she's 21 (that's the age requirement).

●What makes her unique?

Her ambition and drive at a young age to go after her dreams and accomplish her goals. (She started hair school at age 16).

●What other fun facts should we know about her?

Has the cutest snort.

Loves having her nails done.

Likes to dance. She's taking a Lindy Hop class on Mondays.

Loves to try new foods.

## **Hadley Wilding**

She is in Master Esthetician School right now at Taylor Andrews and will graduate this fall.

She is passionate about the gym/school (now that it's something she enjoys 😊)

She would like to travel and live somewhere other than Utah for a little while

She's very driven, graduated high school early, all while working 2 jobs/school full time

## **Lily Foley**

1- save up some money to get my own car and move up north to get a degree in zoology

2- i am passionate about art and taking care of people and animals, and everything in between.

3- my number one is to hold a monkey, but my hope is to work with them

4- i can sense when something is off and i feel the most fulfilled when i help people

5- i am a huge singer, and i hope to continue that path as i go on through my college and adulthood

## **Ivy Walker**

1. She will be attending BYU in the fall, and plans to work this summer. She is working for us making and selling cookies, and she works at Village Baker.
2. She is passionate about BOOKS. She loves reading, specifically romance and fantasy books.
3. Going to London is a huge bucket list for her. And probably Greece too. Also she loves musicals and has a list of those she wants to see.
4. Ivy has a kind heart, always has. She genuinely wants to be good, do good, and help people. She's not perfect, but her motivations are always to please God.
5. One of her favorite things is to ride her bike - but she almost never does it. Sometimes when she is in a bad mood we will force her to go on a bike ride, because she always

comes home happy again. And then she'll make a goal to ride more because she loves it so much, but then never does. It's a funny cycle.

## **Ashlin Dalton**

1. What are her plans post high-school/what is she doing now or working towards if graduated early?  
Ashlin has chosen to attend Utah Tech University after deferring several scholarship offers, in preparation for her mission in one year. She is currently CNA at a care center and excited to start a new adventure as a PCT at IHC.
2. What is she passionate about? Ashlin has many passions; snowboarding, school, family, and her love for Jesus Christ, to name a few.
3. What are a few things on her bucket list? Skydiving, bungee jumping, and traveling the world.
4. What makes her unique? Ashlin is unique in many ways and i think a lot of it comes from being an only child. Growing up she was around a lot of adults which allowed her to mature in ways that it takes years to reach. Her dedication to

knowing the Gospel for herself is admirable and had an impact to how she shows kindness to others. She is a light in this world.

5. What other fun facts should we know about her? She's double jointed in her arms, loves to play the violin, and loves to learn other instruments on her own (but no, she won't play in public lol)

## **Maya Brady**

- 1: Going to BYU Idaho in the fall
- 2: Music, piano, sports
- 3: Going to Spain and Italy, and learning to play the guitar well
- 4: She plays the piano by ear, can usually figure out any song in minutes.
- 5: She seems to be good at everything she tries. Sports, art, cooking, music...etc. She used to not go anywhere without a ukulele and a soccer ball, even on trips. Makes everything fun!

## **Kenadee Snyder**

1. Planning to attend Utah Tech University - wanting to possibly do something with digital design or working with animals
2. Passionate about art - drawing & painting and fashion design
3. Her bucket list - ride in a hot air balloon, go sky diving, bungee jumping, and visiting all the national parks
4. Makes her unique - she is a leader. It doesn't matter what everyone else is doing, she will always take her own path. She will do anything for anyone without question. Kenadee is very kind and caring to everyone she comes in contact with. Spending time with family & friends making memories together is something that is most important to her
5. Fun facts - Kenadee absolutely loves milk and drinks excessively - with every meal and for every snack if she can!

She has worked at Old Navy for the last 2 years. She absolutely loves animals and caring for them. Enjoys and looks forward to camping & riding UTV's as much as possible, and always looks forward to planning family game nights just to get everyone together

## **Lucy Harris**

1- She has a full ride scholarship for track to Weber State university.

2-Cats, Art, Wrestling and track and cooking fun things

3-she is a wonderful mix of super soft and super strong .

She is really funny when you get her by herself and dripping with multiple talents. She is disciplined except when it comes to her room. She is a cat whisper and loves animals.

bucket list

Go to the Olympics

Get married

She loves solving mysteries, when she was little everything had to be pink. She is incredibly creative and when she is determined she is a complete force of nature. She also is unreasonably hard on herself. She doesn't like clothes very much and from the time she was little she would leave a

trail of them. She was a little like Goldilocks when she was little and would frequent the Powells. It didn't help that they would give her treats every time she went over there. One time we couldn't find her and when we finally found her she had stolen Joey Powell's sucker and fallen asleep in MaryKates bed all while the Powells were gone. She loves the outdoors and would spend hours by herself talking with the trees and cats, braiding flower chains and making botanical concoctions, creating and living in her own little world.

## **Tanis Holt**

1. She graduates DHHS & UT Tech with an associates degree in May, she's planning to attend Utah State to finish her bachelors and then Masters degree in communication disorders to become a speech & language pathologist.

2. She loves dance & music- you can find her listening to country on repeat and swing dancing every Saturday night!

3. International travels- she's been to all 50 states, so anywhere else!

4. She's unique because she's not afraid of trying new things and very resilient! She leaves for 3 weeks in Argentina in 2 months and is so excited for the adventure!

5. She is the oldest of 5 girls, eats like a teenage boy and is still super skinny, is burnt out on school- but wants to finish her masters degree. She loves fresh flowers, pigs, cowboys, and brown boys! She is always laughing and

having fun no matter what she is doing, even working, and is always thinking to figure out solutions to problems! She has been my best friend and right hand man for 17 years and I will be lost without her!

## **Rachel Hansen**

1. What are her plans post high school/what is she working toward now if graduated early?

Attending BYU-Idaho in the fall and will major in Exercise Physiology and minor in Nutrition. She's planning to leave on her mission early in 2026. After she earns her bachelors, she plans to get her Doctorate in Occupational Therapy.

2. What is she passionate about?

Rachel loves music and takes private piano and violin lessons, and played the viola in orchestra. One of the highlights of her music career was playing a solo with her orchestra. She's planning to stay involved in orchestra during college.

3. What are a few things on her bucket list?

Rachel would LOVE to go to BYU Jerusalem! (She's keeping her fingers crossed that it'll work out!)

4. What makes her unique?

Rachel graduated with 78 college credits and was the Student Body President. She earned her CNA license last year and will be working full-time this summer!

5. What other fun facts should we know about her?

Rachel's never been to Disneyland. Her first major injury was when she sprained her ankle ice skating at the Rockefeller Center!
